demand for them is very light and the supply is in excess of the demand. A drop off in demand is usual after the

heavy Christmas purchases and dealers do not look for any revival of business until after the new year, but this year the demand at this season seems lighter than usual. Several oyster-running craft lying at the wharf market have been there from early in the week and the supply was augmented yesterday by the arrival of four boats with over a thousand bushels of oysters aboard.

The dredge boats that laid up for Christmas are still out of service and the catch is small, so that runboats are still having difficulty in obtaining cargoes. CLARK. In memory of my dear son, GEORGE W. CLARK, who departed this life two years ago today, December 29, 1945.
